ATTENDS 2010 PROFESSIONAL CONFERENCE FOR SENIOR MOVE MANAGERS

(Phoenix, Arizona) As senior move management continues to emerge as a valuable service for older adults and their families as they downsize and transition to new environments. To further expand and enhance the services they offer, attendees of the National Association of Senior Move Manager's (NASMM) 2010 Annual Conference discovered innovative solutions to meet the needs of their clients, while growing their business in an ongoing challenging business environment. There were 270 senior move managers from the United States, Canada and Australia attended the annual conference held in Las Vegas from February 11-14.

Debbie Meyer of Moving You Simply, LLC, participated in this year's conference; not only as an attendee, but also as a newly appointed 2010 Board Member and Secretary for NASMM. Last year she was one of six panelists for one of the educational sessions. Ms. Meyer's panel was a Q&A session on how she became a Senior Move Manager, her success story and how she gives back to her community. "It was an honor to be selected to speak at the NASMM's annual conference; as well as the unique opportunity to learn from so many talented presenters and the chance to network with senior move managers from around the country and Canada," said Ms. Meyer.

NASMM's 2010 Annual Conference featured over 25 educational sessions during three days. Attendees had the opportunity to attend educational sessions on topics ranging from generational marketing, senior move management operational issues and older adult service issues to ethics, and technology ***all facilitated by industry experts and nationally acclaimed speakers.***

"The chance to learn in this environment and have dedicated face-to-face time with senior move managers in all stages of business development makes this conference the ultimate brainstorming and professional event for senior move managers," said NASMM's Executive Director, Mary Kay Buysse. "Effective senior move managers are always able to learn from someone else's experiences and apply that knowledge toward practical solutions in their own business."
